Thank you for your interest in Lady and the Carpenter Wholesaling.

Lady and The Carpenter has been in business since June of 2014. We sell a variety of high-quality household wood products. All are handcrafted and made in Washington State. We strive to create products that are simple, practical, chemical-free and beautiful that people will love for a lifetime. Since 2014, we have shipped our products to all 50 states and we regularly ship internationally.

We currently offer Kevin's Quality Clothespins, Clothesline Bags, Solid Maple Cutting Boards and Business Card Holders at wholesale pricing. See the following pages for further details. As we grow we will add more products to this list.

Kevin's Quality Clothespins are our most popular product. They are made from high quality Maple and strong stainless steel springs. All components are US manufactured. Each pin is coated with boiled linseed oil to bring out the natural beauty and help protect from the elements. All clothespins have a Lifetime Product Guarantee that covers any breakage that results from a manufacturing defect. Our current production level is 3,000 sets/month.
